Education

- **Undergraduate student at**: AAiT
- **Joined AAiT** : 09-2019
- **Expected to graduate**: 07-2005

Certifications

- **Marketable software development 101 Hackathon and participation**
  - Given by icog maker with international trade center
  - **Competition Rank third(3)**

Personal info

- **Birthday**
  16/12/2001

- **Email:**
  habtetsegaye19@gmail.com

- **Linkedin:**
  www.linkedin.com/in/Habtamu-Tsegaye

- **Github account:**
  github.com/habtse

- **Phone**
  +251949329587

- **Address:**
  Addis Ababa , Ethiopia

- **Angular training**
  - Given by Orange digital Center
  - December, 2021

- **Life skill training**
  - Given by Yeben Endowment Fund with AAU
  - December, 2019

Projects

- **Group project**
  - [medfind project using spring boot](#)
  - [Ye Inat Guda project With Django and React](#)
  - [simple shell with c](#)
  - [medfind mobile app using flutter](#)

- **Individual project**
  - [personal portfolio](#)
  - [2048 game](#)
  - [RSA encryption](#)
  - [computer trading webapp](#)

Skills

- ➢ Python
- ➢ Java
- ➢ Javascript
- ➢ Html and css
- ➢ React
- ➢ Angular
- ➢ Bootstrap
- ➢ Django
- ➢ Spring boot
- ➢ Mysql
- ➢ Github
- ➢ Docker
- ➢ Dart
- ➢ C
- ➢ Vim
- ➢ emacs
